# Utharakumar D

**Web Developer** (PHP | SQL | JavaScript)

✉ utharakumar009@gmail.com | ☎ +91 8148364020 | ⬤ GitHub | in LinkedIn | ⊕ Portfolio | ⦿ Bengaluru

## SUMMARY

Experienced Web Developer with **4 years** of hands-on experience in developing scalable and high-performance **web applications using PHP**. Proficient in transforming business requirements into robust and efficient digital solutions. Successfully delivered secure, feature-rich applications across various domains, including e-commerce, ERP, and social media. Skilled in both frontend, backend and ensuring efficient development workflows.

## EDUCATION

**Karpagam University**                                                                                                    **2020**
MCA (Master Of Computer Application)                                                        Coimbatore, India

## WORK EXPERIENCE

### Web Developer & Website Maintenance (PHP | SQL | AWS | JavaScript | Cloud Infra)
**infra market** | Bengaluru, India                                                       **Jan 2025 - Present**

- Performed code reviews to maintain **code quality, participated in debugging**, and **contributed** to database development and optimization.
- Integrated **RESTful APIs** to facilitate smooth communication between front-end and back-end systems, implementing optimized data fetching, structured error handling, and managing **application domains** effectively
- Handled new server integration with **cloud partners**, specializing in deploying applications with a strong emphasis on **performance, scalability, and maintainability**.

### Senior Application Developer (PHP | SQL | JavaScript | jQuery | API | AWS)
**eNova Software & Hardware Solutions Pvt Ltd** | Coimbatore, India        **Sep 2021 - Nov 2024**

- Engineered and optimized responsive user interfaces using **PHP and SQL**, enhancing **performance, accessibility, and cross-device compatibility**.
- Developed and maintained scalable backend services with **PHP (**CodeIgniter 3**)**, integrating **RESTful APIs and database management** for seamless frontend-backend interaction.
- Collaborated with cross-functional teams, conducting **code reviews, refactoring codebases, and implementing best practices** to enhance maintainability and scalability.
- Implemented automated testing**, debugging, and performance optimizations**, ensuring **high code quality, reduced downtime, and efficient troubleshooting**.

## PROJECTS

**Infra.market Website Applications**                                    **Infra market | Bengaluru**

PHP | SQL| JavaScript | jQuery | HTML | CSS| Bootstrap | CodeIgniter 3| WordProcess

- Built a scalable websites platform using PHP, SQL, and jQuery, enhancing UI/UX with HTML, CSS, and Bootstrap. Integrated RESTful APIs for real-time data processing, ensuring a seamless and consistent branding experience. Optimized performance and responsiveness to help clients grow their businesses online. **Website`s**: (infra.market, ivas.homes, inicio.homes, equiphunt.com, chemical.market, shalimarpaints.com)

**Server Administrator**                                                 **Infra market | Bengaluru**

AWS | Cloud Infra Structure | Domain | SSL | SAP

- Handled AWS servers and integrated new servers with cloud partners, specializing in application deployment with a strong focus on performance and reliability. Managed domain configurations and SSL certificate setups. Oversaw SAP application server monitoring and maintained system performance through Zabbix portal monitoring and alert management.

**ERP (College Management System)**          **eNova Software & Hardware Solutions Pvt Ltd | Coimbatore**

PHP | SQL| CodeIgniter 3 | JavaScript | jQuery | Ajax | HTML | CSS | Bootstrap | Rest APIs | Payment integration

- Developed a College ERP system to streamline academic data collection, enhance automation in reporting, and promote student involvement. Implemented measures to protect sensitive information, ensuring data security and compliance with applicable regulations.

## SKILLS

- **Core Technologies:** PHP, SQL, CodeIgniter 3 and 4, JavaScript, jQuery, RESTful APIs, HTML, CSS, Bootstrap, Ajax, MySQL, PostgreSQL, AWS, Git, GitHub, GitLab, Postman, Payment integration.
- **State Management:** Proficient in (Session, Cookies, Database).
- **API Integration:** Experienced in **RESTful APIs** for efficient data fetching and error handling.
- **Libraries/Frameworks:** Strong expertise in **CodeIgniter, PHP Mailer and Laravel** for scalable application development.
- **Version Control:** Skilled in **Git and GitHub** for collaborative development and code management.
- **UI/UX Optimization:** Adept at building **responsive, high-performance interfaces** using modern CSS frameworks.
